

# CSEPP

## PLANNING/TRAINING/EXERCISES CROSSWALK

---

Barry L. Shumpert  
Oak Ridge National Laboratory

# Purpose of Crosswalk

---

- Identify resources that can help CSEPPers get their jobs done
- Show the relationships among the different parts of the complex CSEPP program
- Not a “list of 500 things that have to be done”

# Structure of the Crosswalk

[illegible]

# History of the Crosswalk

---

- First developed in 1996 to help program administrators identify gaps in the training program
- Also used to identify disconnects between planning guidance and exercises
- Has evolved into a tool for use by people at all levels of the program

# Uses of the Crosswalk

---

- Identifies training materials and how they relate to other aspects of CSEPP
- Identifies training materials that will help implement specific planning guidance recommendations
- Identifies training resources that could help address exercise deficiencies

# Uses of the Crosswalk

Task	Planning Guidance Reference	CSEPP Training Materials	CSEPP Exercise Objectives
Develop & Maintain Warning Systems	Sect. 5, 5.1 thru 5.3, 8.7, A.4.a, B.6.a, C.20, C.23, App. F, N.2.2.2.2, N.3.3, N.6.1.1.1	Emergency Planner's Companion, Command & Control Module  Chemical Accident/ Incident Response & Assistance	Obj. 1: Initial Alert & Notification  Eval. Element 1.1: Initial Characterizat'n & Notification of a Chemical Accident/ Incident

# Adding Performance Indicators

P Training Materials	CSEPP Exercise Objectives	Performance Indicators/ CSEPP National Benchmarks
<p>Planner's , Command Module</p> <p>Accident response &amp; e</p>	<p>Obj. 1: Initial Alert &amp; Notification</p> <p>Eval. Element 1.1: Initial Characterizat'n &amp; Notification of a Chemical Accident/ Incident</p>	<p>P.I.—AN-1: Receipt of Warning by IRZ Residents</p> <p>C.N.B. 2: Functioning A&amp;N System for Each Installation, IRZ and Transition Zone</p>
